

Kennecott Utah Copper Corp.
Mine & Copperton Plants
Certificate of Hazard Training (30 CFR 48)
Vendor/Visitor/Contractor Safety Information

Welcome to Kennecott Utah Copper. In order to make your visit a safe one, please familiarize yourself with the following basic safety, security and liability requirements. If you have any questions about these requirements or other specific safety conditions, see your KUCC representative or contact the plant security or safety offices.

1. Personal Protection

- A hard hat, safety glasses with side shields, and steel toe boots must be worn at all times while working on KUCC property.
- Use other safety equipment such as gloves when necessary.
- Seat belts must be worn at all times while riding in or while operating a motor vehicle on KUCC property.
- Stay in your designated visit or work area (e.g., electrical areas). Access to any "authorized" or "restricted" areas is prohibited unless accompanied by a KUCC representative.
- Obey all posted warning and safety signs.
- Wear hearing protection when in posted areas.
- Eat and smoke only in designated areas.

2. Emergency Notification Procedures

- **Mine Plant:** Contact Production Control at (569-6211).
- **Copperton Concentrator:** Contact Control Room at (569-6911).
- Immediately report all injuries or incidents. **DO NOT CALL 911.**

3. Hazard Recognition

- Always be alert for potentially hazardous conditions.
- Be on the lookout for haul trucks, mobile equipment, and railroad traffic as they always have the right of way.
- Keep clear of suspended loads.
- Be aware that blasting occurs at the mine on a daily basis. An impending blast is identified by the sounding of a siren and broadcast of a warning and tone alert on mine radio channel #1.
- A variety of potentially hazardous chemicals are present at the Mine and Copperton Concentrator Plants. Review MSDS's and Hazard Labels for safety information. Be alert for warning signs/alarms.
- Before beginning work, all aspects of your job must be discussed with the KUCC employee designated as responsible for the job. Use TRACK for all work.
- Do not operate any machinery without authorization and proper task training.
- When the operator leaves the vehicle it must be chocked.
- If you are in doubt about any procedure or hazard, discuss it with your KUCC contact or the nearest KUCC supervisor.

4. Security

- Obey all posted speed limits and traffic control devices and drive according to conditions.
- The consumption, possession, or being under the influence of any drug or alcohol is prohibited and will result in removal from KUCC property and/or criminal prosecution.
- Firearms are not permitted on KUCC property.
- Park only in vendor/visitor/contractor designated areas.
- Cameras are not allowed without written permission from KUCC.

5. Mine Pit License Requirements.

- All personnel who operate vehicles off the paved roads in the mine area (unless escorted by a licensed KUCC driver) are required to have a valid Kennecott Bingham Canyon Mine Pit Drivers License (this includes the 6190 Truck/Tire Shop area).
- All vehicles that operate off the paved roads in the mine area (with the exception of KUCC haulage trucks and road equipment) must be equipped with a minimum 10' high whip flag that extends 4' above the highest point on the vehicle. Whip flags must be lighted from dusk to dawn.

6. Liability Waiver and Indemnity

- My company and I waive all claims against KUCC for injury to me or damage to property which occurs at KUCC.
- My company and I will hold KUCC harmless from injuries caused by our negligence.

I have reviewed the information provided above, and I understand my personal responsibility to comply with all KUCC safety, security and liability requirements.
